RIDING FOR THE DISABLED

The R.D.A. have written to thank us for the loan of our sheep for their Carol Service this Christmas.

NOROVIRUS

Norovirus causes 'winter vomiting', which can be a nasty experience for those affected, but which is a short-lived virus from which people normally recover after around 3 days. However, it is highly contagious and the advice from Wiltshire NHS is to stay away from work or school until you have been free of symptoms for at least 48hours.
